Second National Conference on

Recent Advancements in

Electrical & Electronics Engineering

(NCRAEEE - 16)

7th April 2016

Organized by

**Department of Electrical &
Electronics Engineering
and
Department of Electronics &
Instrumentation Engineering**

NEW PRINCE SHRI BHAVANI COLLEGE OF
ENGINEERING AND TECHNOLOGY
Vengaivasal Main Road, Gowrivakkam,
Chennai – 600073, Tamil Nadu, India.

About the Institution

NPSBCET approved by AICTE, New Delhi and affiliated to Anna University, Chennai is offering even U.G courses and three P.G courses. The institute has prime objective of providing quality education for the students studying in all engineering streams and to provide an opportunity to utilize physical facilities, human resources and knowledge resources available in educational institutions to maximize knowledge acquisition.

About the Department

The Department of Electrical & Electronics Engineering is one of the pioneer departments in this college. It was started in the year 2008 with an intake of 60 students. Since then many quality engineers were graduated from here and are serving the society. The department has a team of well qualified and experienced faculty having vast experiences and specialization in different areas like power system, Applied Electronics, High Voltage Engineering, Power Electronics etc., to ensure that the students are moulded into competent Electrical Engineers.

About the Conference

The main objective of the conference is to promote research and developmental activities as well as to provide a perfect platform, for engineers, research scholars, developers, academicians and practitioners to exchange their research findings and advanced intelligent techniques adopted, to explore new technical information and update themselves to the latest developments especially in the field of Electrical and Electronics Engineering.

Who can register?

The National Conference is open to all research scholars, UG, PG students, teaching faculties of all Engineering Streams and persons from industries across in and around India.

Topics Covered in the Conference

Papers are invited from authors who would describe original research work not presented elsewhere. Topics of interest for submission include, but are not limited to:

- Power systems modeling & analysis
- Electric power generation
- Transmission & Distribution
- Utilization of electrical power
- Power Quality
- FACTS
- Renewable Energy Technology
- Electrical Machines
- Hybrid energy systems
- Power Electronics & Drives
- Smart & Micro Grid
- Power plant engineering
- HV Engineering
- Electrical machine design
- Control system design for different applications
- Linear & Non-linear control
- MATLAB based design of electrical systems
- Wireless Sensor & Networks
- Process Control
- Virtual and Bio medical Instrumentation
- Bio MEMS
- Adaptive & Robust control
- Industrial Automation

Paper format

Strictly as per the template given in the web site <http://www.ijirset.com/authors/guidelines.html>. Full paper must be sent to conference email id.

Publication

All selected and presented papers will be published in conference proceeding of NCRAEEE'16.

On payment of extra Rs.700/-, in addition to the Registration fee, the paper will be published in **International Journal of Innovative Research in Science, Engineering and Technology.**
